SECTION I STANDARD TERMS AND CONDITIONS

The Signatory hereby agrees to be bound and is authorised to agree for the Author(s) to be bound by all terms and conditions in this LTP, as follows:

1 LICENCE

- 1.1 The term **“Contribution”** means the article written by the Author as identified on page one of this LTP and includes, without exception, all the following versions of the article:
 - 1.1.1 **Accepted Manuscript (“AM”)**: the version of the Contribution that has been accepted for publication. This version may include revisions resulting from peer review but may be subject to further editorial input by the Publisher.
 - 1.1.2 **Version of Record (“VoR”)**: the version of the Contribution that is formally published in the Journal. This includes any ‘FirstView article’ that is formally identified as being published before the compilation of a volume or issue as long as it is citable via a permanent identifying Digital Object Identifier (“DOI”). This does not include any ‘early release article’ that has not yet been fixed by processes that are still to be applied, such as copy-editing, proof corrections, layout, and typesetting. The VOR includes (i) any corrected, enhanced, or other subsequent versions of the VOR and (ii) corrigenda and errata.
- 1.2 The term **“Supplementary Material”** means any additional written or illustrative materials submitted or uploaded to the Journal by the Author for publication in connection with the Contribution. Supplementary Material does not form part of the Contribution and will be made available in association with the Contribution in online format only. Supplementary Material may be original content created by the Author (**“Original SM”**) or it may be third-party material sourced and cleared in accordance with Clause 4 of Section I by the Author (**“Third-party SM”**).
- 1.3 In consideration of publication of the Contribution, the Signatory hereby grants to the Publisher:
 - 1.3.1 a non-exclusive licence to publish, reproduce, distribute, and sell the Contribution, or any part of it, and any Supplementary Material in all forms and media and in all languages throughout the world, whether print, digital / electronic, whether now known or hereinafter invented, and to grant sublicences of all translation and subsidiary rights; and
 - 1.3.2 a non-exclusive licence to exploit all other rights in the nature of copyright, including rental, lending and database rights and all other publishing and print on demand rights in the Contribution and any Supplementary Material.
- 1.4 The licences described in Clause 1.3 of Section I shall, throughout this LTP, be referred to collectively as the **“Licence”**.
